SUMMARY

I'm a motivated problem-solver passionate about continuous growth and adaptability across diverse roles. Committed to excellence and teamwork, I bring fresh perspectives and dedication to any organization and am eager to contribute positively to its success.

EDUCATIONAL BACKGROUND

University of Cape Coast – Central Region, Ghana (August 2019 – August 2023)

B.Sc. Information Technology

Relevant Coursework: Software Engineering, Introduction to Web Technology, Algorithms and Data Structures, Object-Oriented Programming-Java, and Problem Solving and Programming Techniques-C++

PROFESSIONAL WORK EXPERIENCE

Front-End Engineer | Techstripped Africa (September 2023 - July 2024)

Developed user-friendly and responsive web interfaces utilizing HTML5, CSS3, and JavaScript frameworks like React.js.

Implemented pixel-perfect UI designs, ensuring cross-browser compatibility and optimal performance across various devices.

Collaborated closely with UX/UI designers and backend developers to integrate front-end components with backend systems, APIs, and databases.

Conducted code reviews, performed debugging, and optimized frontend code for improved maintainability, scalability, and performance.

- Technologies used: Javascript, React, Tailwind CSS, Vite

Club Lead | TechStripped Africa (University Of Cape Coast) (June 2021 – September 2023)

Successfully organized and conducted foundational web development tutorials, achieving an impressive 70% attendance rate among club members. These sessions provided participants with hands-on learning experiences.

Orchestrated introductory UI/UX design tutorials, attracting a 70% attendance rate among club members. By offering practical insights and guidance.

Effectively promoted and facilitated participation in TechStripped Africa's fresher webinar and other educational webinars, covering topics ranging from career advancement strategies to transitioning into a tech-focused profession.

Notably, 50% of the webinar participants hail from the UCC chapter.

Web Facilitator Volunteer | University Of Cape Coast SRC Women's Commissioner Office (SheCode) (June 2023 – July 2023)

Lead soft skills training sessions tailored for university women. These sessions focused on teaching basic HTML, CSS, and JavaScript, empowering participants to build simple log in pages and landing pages.

Web Designer Intern | Henism Scientific Technical Unit Pvt. Ltd. (India, Remote) (September 2021 - November 2021)

Conducted research on WordPress Plugins and their usage by gathering online resources and information about plugins to use in building the website.

Became a member of a development team to build an internship website (<https://hypstuma.com/>).

Designed a demo site using a WordPress template to illustrate our understanding.

Technologies Used: WordPress

Hackathons and Projects

ETHAccra Hackathon| University of Ghana, 29th-31st August 2024

Role: Front-End Developer

Project: Worked on "Borla 2 Earn" (Waste To Cash), a product aimed at incentivizing individuals to dispose of plastics properly using tokens. I brought the initial idea for the project, and my friends contributed and shared their input to refine it.

Outcome: Gained valuable experience in Web 3 technology, networked with other developers, and collaborated closely with a team of 5. Successfully navigated the challenges of the ideation phase and contributed significantly to the project's front-end development.

Team Members: Desmond Dadzie, Monica Quainoo, Benson Osei-Mensah, and Prince Agboadah.

SKILLS

Programming Languages: C++, JavaScript, TypeScript, React

Software Development Methodologies: Agile/Scrum

Web Development: HTML, CSS, Sass, Tailwind CSS, React

Collaboration and Communication: Notion, Trello, and Slack

LEADERSHIP

Computer Science and Information Technology Student Association (CITSA) - UCC | Public Relations Officer | May 2021 – September 2022

Edinaman Old Student Association - UCC Chapter | Public Relations Officer | December 2020 – October 2021

CERTIFICATE

Meta Front-end Development Specialization (Nov 2022-Feb 2024)
